

Sunshade

PROFESSIONAL

Shade is an indispensable benefit to guests on your terrace. So a high quality parasol for hotels and restaurants is essential. The Pro parasol is the ideal solution to provide your customers with cooling and to protect them from the bright sunshine on your veranda, terrace, patio or in your summer bar. This professional model is made of the most high quality materials and can fit perfectly into any hotel or restaurant premises.

Relax pro: Ultra-strong sunshade, easy to move

ATTACHMENT OF PARASOL BASE

Our parasols stand for quality, style and convenience, thanks to its firm and above all very strong and practical parasols of various types and sizes, for both private individuals and professionals. Do you appreciate the flexibility of a floating parasol or do you prefer something a little more compact in a standard model? Do you like sober grey or do you prefer something a little more colourful, or perhaps you would even like personalised printing on your parasol? We will be quick to help you in all these cases. Parasols, parasol bases and protective covers for parasols - our full range is all-encompassing.

Comfort pro:
tilts and rotates for
maximum shade
